PROFILE

Efficient, dedicated, and bilingual Software Developer with in-depth knowledge of languages and development tools. Graduate of Burlington Code Academy Software Development Bootcamp where I graduated at the top of my class. Passionate about the world of technology and am always looking for opportunities to keep growing and learning professionally and technically. Seeking a Software Development position with a growth-oriented company where I can use my skills to the advantage of the company while having the opportunity to continue developing and contributing my own skills.

EDUCATION

- **Software Development, Burlington Code Academy at Upright Education, 2022**

480 hours of curriculum and coding focused on testing and deploying software applications using JavaScript on the client and server side of applications. Completed course with the successful completion of a real-world project.

- **Degree in Biology & Philosophy, Aix-en-Provence/Marseille, France, 2015**

SKILLS & COMPETENCIES

JavaScript | Python | HTML | CSS | React | MySQL | MongoDB | Agile | Node.js | Express.js | APIs | Git | full-stack development | problem solving | resourcefulness | teamwork | French | English | Spanish
